

**AUTHOR:** Nicholas Lorentzen

**MILESTONE DEADLINE:** 04/19/2019

**MILESTONE WORK OVERVIEW:**

Begin work on graphics classes. More specifically create a start menu and the most basic form of the map. Also, create the keylogger class that should be able to discern multiple keypresses to return to other classes as an array list.

#	DESCRIPTION	DEPENDENCIES
1	Write menu.menu()	
2	Write menu.initialize()	1
3	Write keyput.keyput()	
4	Write keyput.getInput()	3
5	Write menu.update()	4, 2
6	Write menu.reset()	1
7	Write map.map()	
8	Write map.start()	7
9	Write map.animate()	7
10	Write map.reset()	7, 8
